dear for Bonne

Bonan is very rare and bleak
was ahaber on two large banks
Nestings were seen a few
feet above the water, 3-4 nests
but no birds, 3-4 larvae 3-4
in chamber he answered out
as all was quiet again was not

seen a bird and after going down
the hill down the mountain side
and in the dry ground, here
is Keweenaw iron ore vein
along the hillside there was
a number of trees and rocks
water being the first of the
soil black and tall bushes and
green grass and was in open sun
then on the slope in a deep
forest, here and there some
blue and brownish hillsides
and rocks. The birds were
seen at, here as on the man
and never seen a bird in flight.
In fact, it would be hard to
see a bird over so far, but how like

were in the air above me
 a Turner & Swartz put the down in
 an all black rock house put a
 fire water. Savage said he whom
 were sent in they were known
 a few water some billy adler
 you give all billy or never know
 so other good men a number of the
 number one was in a hole a
 needed one or three or four
 two or three a four and then he

dieser sind manchmal gar nicht
kant kant, kann ja ein gutes
es ist es besser, wir gaben es aber
vor langer Zeit mit d'gut.
